Re: Stephanie Martinez

To Whom It May Concern:

The time that Stephanie Martinez was under my supervision, her performance was spectacular.

Stephanie was one of the most conscientious employees I have ever had. Always punctual, great attitude, and proved loyal beyond expectations. My business flourished greatly with her assistance and knowledge of computer skills and organization.

I would not hesitate to recommend Stephanie to anyone who may be looking for a great employee. I am sure Stephanie Will do a terrific job for you and was sorry that I could only offer her part time employment. I will miss her greatly.

Sincerely,

Joni Morris
